CLEAN AND HEALTHY FACILITIES

An all temperature chlorinated and caustic dish machine detergent. Non-abrasive with good rinsability. Dilution factors are determined by water hardness, operating temperature, and soil load.

**Astound**  
All Temperature Dish Machine Detergent  
1000-1CL (4/1 Gal.) • 1000-5CL (5 Gal.)

Heavy duty rinse additive that provides fast, spot free and streak free drying of china, silver and glassware. Eliminates "second pass" washing due to poor rinsing.

**Film Free Plus**  
All-Temperature Rinse Aid  
1026-1CL (4/1 Gal.) • 1026-5CL (5 Gal.)

Formulated to be dispensed through automatic dispensing equipment, this product provides consistent chlorine concentrations for each cycle. This product also makes an ideal sanitizer for many food processing, dairy and water treatment applications.

**PPM**  
NIC1012-1CL (4/1 Gal.) • NIC1012-5CL (5 Gal.)

Hi-Suds is a heavy duty pot and pan detergent formulated especially for high quality manual dish, pot and pan washing. The formula quickly removes grease, baked-on foods and food stains. Expertly engineered, Hi-Suds has heavy duty cleaning power, neutral pH (making it gentle on the hands). High soil loading capacity provides maximum economy.

**Hi-Suds**  
Manual Dishwashing Detergent  
1014-1CL (4/1 Gal.)

For Institutional, Food Handling and Process Areas, Bars and Institutional Kitchens and for Sanitizing Ice Machines. World's One Step product has been cleared in 40CFR180.940 for use on food processing equipment, utensils, and other food-contact articles at a concentration of 200 ppm active. A potable water rinse is not allowed when used as a sanitizer on food contact surfaces.

**World's One Step**  
NIC2998-1CL (4/1 Gal.)

Oven & Grill Cleaner is designed to work on ovens, grills, griddles, charcoal broilers, rotisseries, drip pans and smaller kitchen cutlery items. This high foaming, non-flammable formula is designed to quickly penetrate and liquefy baked on food, grease and carbon deposits from cooking and smoking equipment, food utensils and other like surfaces in Federally inspected meat, poultry, rabbit, and egg processing plants.

**Oven & Grill Cleaner**  
1009-1 (4/1 Gal.)

Acid Cleaner is a concentrated clear green liquid for use in dish machines to dissolve light to hard lime scale buildup. Also use it to clean steam tables, tile walls and concrete floors. Contains surfactants and emulsifiers to remove difficult deposits.

**Acid Cleaner**  
Descaler & Lime Remover  
1005-1 (4/1 Gal.)

This product is effective in the removal of lime, scale, and other mineral deposits such as iron associated with hard water.

**Low-Foaming Delimer**  
Removes Lime Scale & Mineral Deposits  
974-1 (4/1 Gal.)

Enzyme Activator utilizes the latest biological technology to keep grease traps and drain lines free from clogs and foul odors. The facultative bacteria offer greater continuous digestion while its spore-form allows it to resist chlorine, disinfectants and high water temperatures. This product also contains special enzymes to immediately break down starch and complex carbohydrates. This process energizes the replication of our three distinct bacterial strains. Unlike detergents that simply push grease into sewer lines, these strains work to quickly degrade the organic waste. This stops grease accumulations and foul odors at the molecular level leaving traps and plumbing smelling fresh.

**Enzyme Activator**  
Drain Maintainer  
1147-5CL (5 Gal.)

Super 500 cuts through dirt, grease, grime, dye, ink, oil, carbon and other stubborn soils! A safe heavy duty cleaner and degreaser that can be used on almost all washable surfaces. Super 500 is non-flammable. Contains no acid, chlorine, carbon tetrachloride, naptha, gasoline, kerosene, benzene or other hazardous solvents.

**Super 500**  
HD All Purpose Degreaser  
1011-1CL (4/1 Gal.) • 1011-5CL (5 Gal.)
